

Happy Christmas

Dear Friends,

We would like to wish you a very Happy Christmas and prosperous New Year, and also take this festive opportunity to get in touch with you.

Well, I am, (John the fella on the left!!) now back in England, and happily married to the lovely Laima, since July 2011.

I am no longer living permanently in Brazil. I am managing the property rentals, servicing, and sales from here with much help from my Brazilian friends.

As well as letting you know about Brazil, I do have an exciting new project to share with you. Read on and have a very, Merry Christmas!!!

Love

John, Laima and Melody

My new project is selling and promoting real food supplements that will make a difference to your life. Studies show that our food today is depleted of the minerals and vitamins* that our body needs to survive in this quick, stressful, toxic world. Mannatech are a company that make food supplements from real food (plants). No synthetics (95% of our vitamin/mineral supplements are made from oil, or coal tar**) are used.

Why?

- Become Financially Free. *(Throw away that alarm clock!)*
- Add healthy food supplements to your diet.
- Help feed under nourished children. *(Malnutrition kills five million children under the age of five each year in developing countries - UNICEF)*

* *The Hidden Hunger, By Nicholas D. Kristof, The New York Times, May 23, 2009*

** *The Vitamin Myth Exposed By Brian Clement, Hippocrates Health Institute & OCA, Dec. 31, 2006*

Do you want to become financially free? Throw away the alarm clock? Become more healthier and for FREE! And you want to know more, then please feel free to contact me on **Tel: 01243 822410** and go to my Mannatech page
